(b) Manual searches for records will be charged at the salary rate(s) (i.e., basic pay plus 16 percent) of the employee(s) making the search.

(c) Computer searches for records will be charged at the actual direct cost of providing the service. This will include the cost of operating the central processing unit for that portion of operating time that is directly attributable to searching for records and the operator/programmer salary apportionable to the search. A charge shall also be made for any substantial amounts of special supplies or materials used to contain, present, or make available the output of computers, based upon the prevailing levels of costs to the Farm Credit Administration for the type and amount of such supplies of materials that are used. Nothing in this paragraph shall be construed to entitle any person or entity, as of right, to any services in connection with computerized records, other than services to which such person or entity may be entitled under the provisions of this subpart.

(d) Only requesters who are seeking documents for commercial use may be charged for time spent reviewing records to determine whether they are exempt from mandatory disclosure. Charges may be assessed only for the initial review; i.e., the review undertaken the first time the Farm Credit Administration analyzes the applicability of a specific exemption to a particular record or portion of a record. Records or portions of records withheld in full under an exemption that is subsequently determined not to apply may be reviewed again to determine the applicability of other exemptions not previously considered. The costs for such a subsequent review is assessable.

(e) Records will be reproduced at a rate of \$.15 per page. For copies prepared by computer, such as tapes or printouts, the requester shall be charged the actual cost, including operator time, of production of the tape or printout. For other methods of reproduction, the actual direct costs of producing the document(s) shall be charged.

(f) The Farm Credit Administration will recover the full costs of providing services such as those enumerated below when it elects to provide them:

(1) Certifying that records are true copies; or

(2) Sending records by special methods such as express mail.

(g) Remittances shall be in the form either of a personal check or bank draft drawn on a bank in the United States, or a postal money order. Remittances shall be made payable to the order of the Farm Credit Administration.

(h) A receipt for fees paid will be given upon request.

#### **§ 602.268 Waiver or reduction of fees.**

(a) The Farm Credit Administration may grant a waiver or reduction of fees if the Farm Credit Administration determines that the disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government, and the disclosure of the information is not primarily in the commercial interest of the requester.

(b) The Farm Credit Administration will not charge fees to any requester, including commercial use requesters, if the cost of collecting a fee would be equal to or greater than the fee itself. The elements to be considered in determining the "cost of collecting a fee" are the administrative costs of receiving and recording a requester's remittance, and processing the fee.

#### **§ 602.269 Advance payments—notice.**

(a) Where it is anticipated that the fees chargeable will amount to more than \$25.00 and the requester has not indicated in advance a willingness to pay fees as high as are anticipated, the requester shall be promptly notified of the amount of the anticipated fee or such portion thereof that can be readily estimated.

(b) If the anticipated fees exceed \$250.00 and if the requester has a history of promptly paying fees charged in connection with information requests, the Farm Credit Administration may obtain satisfactory assurances that the requester will fully pay the fees anticipated.
